

Glove Cleaning

Clean and Reuse ... the Sustainable Solution!

As a company who provides sustainability solutions, we can clean virtually all kinds of gloves for a wide variety of industries and applications.

Utilize our closed loop, state-of-the-art processing services to eliminate waste liabilities. Keep soiled gloves out of landfills, and realize immediate cost savings and waste reduction. These things help you move toward meeting 14001 goals and objectives.

The Program That Works for You

- Cleaning and reusing work gloves extends the useful life of your gloves and can reduce new glove purchases up to 75%.
- Compared to “use and dispose” programs, we can save most companies up to 40% or more on their annual glove costs.
- We provide timely reports to help you monitor and control your glove program costs.
- Our cleaning process is unmatched. Simply put, we get gloves cleaner! Not all gloves are alike — not all gloves can be cleaned alike. We survey your product needs to build the best glove program for your organization.
