

FatigueBusters™

Innovation in Anti-Fatigue Matting

Reduce worker fatigue with our FatigueBusters™. The suspended bounce construction reduces ankle, leg, knee and back fatigue, as well as improving employee morale.

Features

- Rubber construction provides equal amounts of cushion and support
- Solid or drain-through styles available
- Variety of sizes available

Benefits

- Rubber material holds up to oils and solvents providing a longer-lasting product.
- The beveled edges eliminate trip hazards and interlocking edges allow it to fit any workstation.
- Unique design allows air to circulate under the mat to prevent moisture build-up which reduces or eliminates mold, mildew and musty odors.
- Our managed floor care program better controls costs, protects your facility and provides a safer, cleaner facility for your employees and visitors.
