

SorbIts® — The Waste Free Absorbent System

Launderable, Reusable Spill Kits

SorbIts® Spill Kits contain launderable, reusable absorbent materials and represent the ultimate sustainability solution for non-hazardous spill containment and cleanup. **SorbIts® Spill Kits do not contain disposable absorbents!**

How It Works

- Choose the SorbIts® Spill Kit configuration to match the anticipated spill volume (see reverse side for kit options).
- Utilize the appropriate kit contents for spill containment and pick-up.
- Return any soiled product to be cleaned for reuse.
- Soiled product is laundered for a nominal processing fee.
- Clean SorbIts® are returned to replace used spill kit items.
- Environmental coordinator is notified when clean SorbIts® are returned.

Benefits

- Reusable SorbIts® assist in environmental sustainability and ISO 14001 goals by contributing to waste reduction projects.
- Soiled SorbIts® are laundered for reuse which eliminates a waste stream — the only product like this in the marketplace!
- Compared to disposable product, the managed SorbIts® Spill Kit rental program offers minimal upfront investment and overall total costs.
- SorbIts® Spill Kits help companies conform to OSHA guidelines and compliance with WI Act 86.

SorbIts® Spill Kits are part of the SorbIts® Waste Free Absorbent System and can be easily included with your existing SorbIts® managed rental program.

SorbIts® — The Waste Free Absorbent System

Family of Products

SorbIts® is a complete line of launderable, reusable matting, socks, pads and towels.

Processing Technology

State-of-the-art process recovers fluids for beneficial reuse – soiled product is laundered and reused, not landfilled.

Managed Program

Regular site visits ensure your existing program matches your current needs.

Reporting/ Tracking

Waste reduction reports, cost summaries, product usage, service history, solvent recovery reports and more.

ITU's processing facilities are registered to **ISO 14001:2004**. ■ AbsorbTech's South Bend processing facility is registered to **ISO 14001:2004** and **ISO 9001:2008**.

Sorblts® Spill Kits assist in compliance with OSHA 29 CFR 1910

Sorblts® and Our Sustainability Philosophy

The Sorblts® Waste Free Absorbent System can be integrated into corporate sustainability programs that include ISO 14001, waste reduction, environmental, 5S and safety initiatives. The use of Sorblts® can have an immediate measurable impact in pounds of solid waste eliminated from landfills, improved safety through fewer slips, trips and falls, lower waste disposal costs, and reduced housekeeping expense.
